

## Open Doors Report, Aug 2010

Greetings to you, our dearest family of supporters;

It has been quite a journey to Canada and then back onto the front lines of this spiritual battlefield. I cannot find words that sufficiently express the gratitude that we want to convey to all of you who have been so faithful in backing us up. Your prayers and words of encouragement, along with your continued financial support gives us so much to be thankful for. So often we are asked “how can you do so much with so little?” First of all the Lord opens the opportunities and then He brought each of you to work together with us according to your gifts and calling. You are highly valued and favoured of the Lord, only in eternity will you comprehend just how much your ministry is accomplishing here.

To date we have completed three weeks of camps. Two weeks have been at a location two hours from here with a total of 50 attending. What a blessed time the children and the workers had together and that was highlighted with a number of children receiving Jesus in their hearts and lives.

We just completed one week of day camp here in Medgidia with the Life to Romania team from the UK. This effort was significant in a number of ways. The three evangelical churches in our city and two from a nearby village each sent a group of children and helpers. This is a first and we look forward to more joint efforts of this kind in the future. Besides the children that came with church groups we brought a significant number of children from the poorest areas surrounding the city.

A total of 180 children attended throughout the week and of these, one hundred asked Jesus to come into their hearts and lives. WOW! That’s a lot of miracles. It required a lot of energy in the sweltering heat, but what a harvest!

This week we are having daily programs for kids with special needs, and what a joy it is to work with these children and their mothers.

**For your serious consideration and prayers we share with you the following.**

- (1) We are looking at buying three Hectares, one kilometre from the edge of the city as a long term project where we can have camp facilities as well as ongoing training and recreation for children and youth. The cost is 8,200 Euro plus legal costs. \$11,200
- (2) We are being offered a home right next to the Healing Center which would be suitable for staff. The cost and particulars have not yet be determined, however this is a rare opportunity and it would give us the space and location that we so desperately need.
- (3) We have the opportunity to buy a completely renovated apartment where we can house visiting volunteers and workers. The apartment we have been borrowing is now being sold so that leaves us without sufficient place to put our guests. Beti and I are considering buying this as a personal investment so we are looking for a loan of \$22,000.

**Your thoughts and comments regarding these properties and any other matter is solicited and appreciated. We sincerely thank you so much. Ω**
